COLD.

The Extent of the Polar Wave South and East.

FIRE AT OBERLIN COLLEGE.

The Hurricane—Another Catastrophe—The Irish and Home Rule—Fire in Cincinnati.

Cold Wave.

GALVESTON, January 9.—The cold wave extends over a vast area and will result in immense damage to stock of all kinds. Telegraphic communication is greatly impeded. Austin reports the temperature ten degrees above zero. Hundreds of water pipes are frozen. At Laredo the temperature is eight degrees below freezing point. At Palestine the mercury touched zero, the coldest weather experienced there in forty years. The water works' street plugs were all frozen and cracked. At Corpus Christi the mercury fell sixty-four degrees in twelve hours.

WASHINGTON, January 9, 10 a. m.—A storm of great severity is now central on the New Jersey coast. The cold wave extends from the Mississippi Valley to the South Atlantic States. It will slowly advance over the Middle Atlantic States and will reduce the temperature to zero. Several frosts will occur on Sunday morning in Florida, as far south as Tampa Bay.

CHICAGO, January 9.—The magnitude and character of the present storm cannot be fully told or understood for some days. Telegraph communication with the great sections of the South and West has been completely cut off for periods of ten to twelve hours. No trains have been able to work through to Omaha for three days, and railroad traffic in Iowa is practically abandoned. Telegraph companies have been more seriously hampered than before in ten years. The storm area extends east to Maine and south to the Gulf of Mexico.

Miraculous Escape.

CLEVELAND, January 9.—There were scenes of the wildest excitement in Oberlin College at 1 o'clock this morning. At that hour the flames burst from the third story of the ladies hall, a brick structure connected with the college and in which 150 female and 100 male students were accommodated. The girls were sound asleep when the alarm was raised and when they were awakened they rushed from their rooms clad simply in their night garments. The weather was intensely cold and it was difficult to get water to the building. The hall was completely destroyed. The loss on the structure and contents is placed at \$50,000. Students on the upper floors lost all their effects. So far as can be learned nobody has been injured.

The Hurricane.

LONDON, January 8.—The gale continues with unabated fury. In Scotland, the snow, in some places has drifted into enormous banks and a number of trains are reported to be blocked. An unknown steamer has foundered in the English Channel and a number of wreckage has been washed ashore. The French bark *Revi* has been wrecked in the British Channel and four of her crew have been drowned.

LONDON, January 9.—The severe storm which set in yesterday morning in England and Scotland continues. Freezing weather is reported from many places to-day.

Another Catastrophe.

WILMINGTON, Del., January 9.—Last night's snow storm caused a most serious block on the railroad tracks here, suspending travel. This morning the Wilmington & Northern train, which leaves at 8 o'clock, collided with two shifting engines that had been sent out from the station with snow sweepers to clear the tracks. The snow was so blinding that the engines crashed into the train at full speed. Three men on the shifting engines were killed outright, and to add to the horror of the scene the passenger train took fire and burned. The passengers escaped with few injuries.

The Irish.

DUBLIN, January 8.—The Loyalist Union held a meeting to-day and resolved to establish branches of the Union throughout Ireland.

The Belfast Presbytery has a manifesto declaring that adoption of Home Rule, at any time, impolitic would now be disastrous and criminal.

Bed-bugs, Flies.

Flies, roaches, ants, bed-bugs, rats, mice, gophers, chipmunks, cleared out by "Rough on Rats," 15c.

Fire.

CINCINNATI, January 9.—The fire in Jewett & Adams' manufactory on Water street, was fought by the entire department this morning as the locality is very dangerous for a conflagration once started. Loss, \$100,000. Fully insured.

Insomnia.

If you are failing; broken, worn out and nervous, use "Wells' Health Renewer," \$1. Druggists.

The Parent of Insomnia.

The parent of insomnia or wakefulness is in nine cases out of ten a dyspeptic stomach. Good digestion gives sound sleep, indigestion in effectuates it. The brain and stomach sympathize. One of the prominent symptoms of a weak state of the gastric organs is a disturbance of the great nerve entrapment. Invigorate the stomach, and you restore equilibrium to the great centre. A most reliable medicine for the purpose is Hostetter's Stomach Bitters, which is far preferable to mineral sedatives and powerful narcotics, which, though they may for a time exert a soporific influence upon the brain, soon cease to act, and invariably injure the tone of the stomach. The Bitters, on the contrary, restore activity to the operations of that all important organ, and their beneficial influence is reflected in sound sleep and a tranquil state of the nervous system. A whole-some impetus is likewise given to the action of the liver and bowels by its use.

SKIN AND BLOOD

Diseases from Pimples to Scrofula Cured by Cuticura.

Hundreds of letters in our possession, copies of which may be had by request, mail, repeat this story—I have been a sufferer for years from Diseases of the Skin and Blood. I have been obliged to show public places by reason of my disgusting humors; have had the best physicians have spent hundreds of dollars and got no relief until I used the CUTICURA REMEDIES, which have cured me, and left my skin and blood as pure as a child's.

COVERED WITH SALT RHEUM.

CUTICURA REMEDIES are the greatest medicines on earth. Had the worst case of Salt Rheum in the country. My mother had it twenty years, and in fact died from it. I believe CUTICURA would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the CUTICURA REMEDIES. Internally, and CUTICURA and CUTICURA SOAP, externally. NEWARK, O. J. W. ADAMS.

HEAD, FACE AND BODY RAW.

I commenced to use your CUTICURA REMEDIES last July. My head and face and some parts of my body were almost raw. My head was covered with scales and sores, and my suffering was fearful. I tried everything I had heard of in the East and West. My case was a very bad one. I have now not a particle of Skin Rheum about me, and my case is considered a wonderful cure.

DECATUR, MICH. MRS. S. E. WHITPLE.

ECZEMA FROM HEAD TO FEET.

Charles Eayre Hinckley, Jersey City Heights, N. J., writes: "My son, a lad of twelve years, was completely cured of a terrible case of Eczema by the CUTICURA REMEDIES. From the top of his head to the soles of his feet was one mass of scabs." Every other remedy and physician had been tried in vain.

EPITHELIOMA!

OR SKIN CANCER.

For seven years I suffered with a cancer on my face. All the simple remedies were applied to alleviate the pain, but the place continued to grow, finally extending into my nose, from which came a yellowish discharge very offensive in character. It was also inflamed, and annoyed me a great deal. About eight months ago I was in Atlanta, at the house of a friend, who so strongly recommended the use of Swift's Specific, that I determined to make an effort to procure it. In this I was successful, and began its use. The influence of the medicine at first was to somewhat aggravate the sore, but soon the inflammation was allayed, and I began to improve after the first two bottles. My general health has greatly improved. I am stronger, and able to do any kind of work. The cancer on my face began to decrease and the ulcer to heal, until there is not a vestige of it left—only a little scar marks the place where it had been. I am ready to answer all questions relative to this cure.

Mrs. JOSEPH A. McDONALD, Atlanta, Ga., August 11, 1885.

I have had a cancer on my face for some years, extending from one cheek bone across the nose to the other. It has given me a great deal of pain, at times burning and itching to such an extent that it was almost unbearable. I commenced using Swift's Specific in May, 1885, and have used eight bottles. It has given the greatest relief by removing the inflammation and restoring my general health. W. BARKER, Knoxville, Iowa, Sept. 8, 1885.

For many years I was a sufferer with cancer of the nose, and having been cured by the use of S. S. S. I feel constrained by a sense of duty to suffering humanity to make this statement of my case. With the fourteenth bottle the cancer began to heal rapidly and soon disappeared, and for several months there has been no appearance of a sore of any kind on my nose or face, neither is my nose at all tender to the touch. I have taken about two dozen bottles S. S. S., and am soundly cured, and I know that S. S. S. effected the cure after every known remedy was tried and had failed.

Fort Gaines, Ga., May 1, 1885. ROBERT SMEDLEY.

I had heard of the wonderful cures of Swift's Specific, and resolved to try it. I commenced taking it in April, 1885. My general health was much improved, yet the cancer which was in my breast continued to grow slowly but surely. The bunch grew and became quite heavy. I felt that I might at any time have it cut out. But it commenced discharging quantities of almost black, thick blood. It continued healing around the edges until February, when it was entirely healed up and well.

BEST WOOD, July 13, 1885.

Swift's Specific is entirely vegetable, and seems to cure cancers by forcing out the impurities from the blood. It cures all diseases of the Blood and Skin Diseases mail-free.

See SWIFT SPECIFIC CO., Drawer 3, Atlanta, Ga., N. Y., 157 W. 2nd St.
